

Accessibility

Thrift Stores of Ohio, Inc. (TSO) is committed to promoting accessibility, diversity and inclusion. We believe all of our guests should be able to easily shop online, and access all of our other web sites and digital offerings.

We strive to create an inclusive and barrier-free environment.

TSO strives to make every effort necessary to meet online usability and design requirements recommended by the World Wide Web Consortium (W3C) in its Web Content Accessibility Guidelines.

We use design standards that help customers identify, interpret, understand and interact with information presented on our web site.

Software Recommendations and Settings

We follow W3C's globally recognized standards to provide content that is compatible with computer-based assistive technologies and browsers. We recommend using the most current versions of (or the version released just prior to) the manufacturer's assistive technology applications, along with current versions of browsers. We also recommend trying different types of browsers with assistive technology applications to determine which combination works best for you.

Additionally, we support screen magnification technologies and accessibility features — like zoom, color and other image controls — that major browsers provide. TSO does provide third party assistive technology application.

Contact Us with Your Accessibility Feedback

At TSO, we are always learning. We consistently look for improvements in performance, speed and accessibility. If you would like to give us feedback about accessibility at Thrift Stores of Ohio, please call us at 614-899-6595.
